

# CPI's VENEER CORE HARDWOOD PLYWOOD

With our Veneer Core Hardwood Plywood, there are no limits. Our high-quality products are perfect for building kitchen cabinets, furniture for the house, doors, stairs, decks, ship interiors, or anything else that comes to your mind.

At CPI we have two different options for the Veneer cores:

- ASPEN Veneer Core:** Light in weight and colour, dimensionally stable with a reduced possibility of warping.
- Adirondack Elite Core (ADK Elite):** A high quality HDF cross banded veneer core panel.
